Dear Friends of the Port Costa Conservation Society:

Please help us to continue the restoration and maintenance of the 1911 Historic Port Costa School for use as the town's only community center, playground, open space and Museum by becoming a member or continuing your PCCS membership in 2026.

In 2025, member support has made it possible for the Port Costa School to remain open as a unique setting to host events, classes, parties, meetings and fundraisers. Volunteers have kept the grounds looking beautiful; they continue archiving donated artifacts, photos and documents of Port Costa history; they nurture the Community Garden; and open the gate every day for the community to enjoy the schoolyard.

Your membership supports the ongoing improvements, maintenance and activities within this beautiful historic School and our land around it. Paid Full Member benefits include the right to vote in Board member elections (must be 18 or older) as well as run for Board membership, and all members receive a subscription to the PCCS Newsletter.
